General information

ATTENTION: Please note that after the beta-testing period all your data will be DISCARDED. Your data CANNOT be transferred into the live system! After the beta-testing period, all your data is IRRETRIEVABLY DELETED!

We advise you to NOT install the client-installation file on the live system.

Please UNINSTALL any existing InLoox installation bevor installing the beta version.

System requirements

Outlook-Client

To install InLoox PM, Windows Vista or higher and Office 2010 or higher are required. InLoox PM supports Windows Vista, Windows 7, Windows 8, Windows 8.1, Windows 10, Office 2010 (32Bit & 64Bit), Office 2013 (32Bit & 64Bit) and Terminal Server. Office 2016 (32Bit & 64Bit) is currently NOT SUPPORTED.
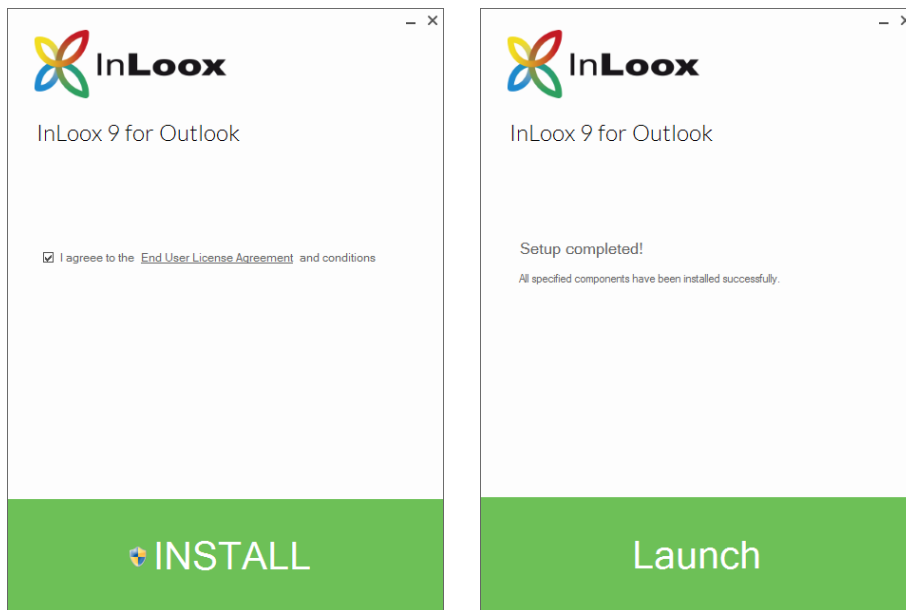

The system requirements depend on the versions you use.

InLoox PM automatically installs Microsoft .NET Framework 4.5 as a prerequisite.

Installation

InLoox PM 9 Personal – Client Installation

1. Please run InLoox_PM_Personal_900.exe

2. Please agree to the **End User License Agreement** and click **Install**. When the setup is completed click **Launch**.

3. Upon setup completion, please click **Start**. Your Outlook opens and InLoox PM Personal is ready for you.
