Project planning

Task management

Team collaboration

Budgets

Time Management

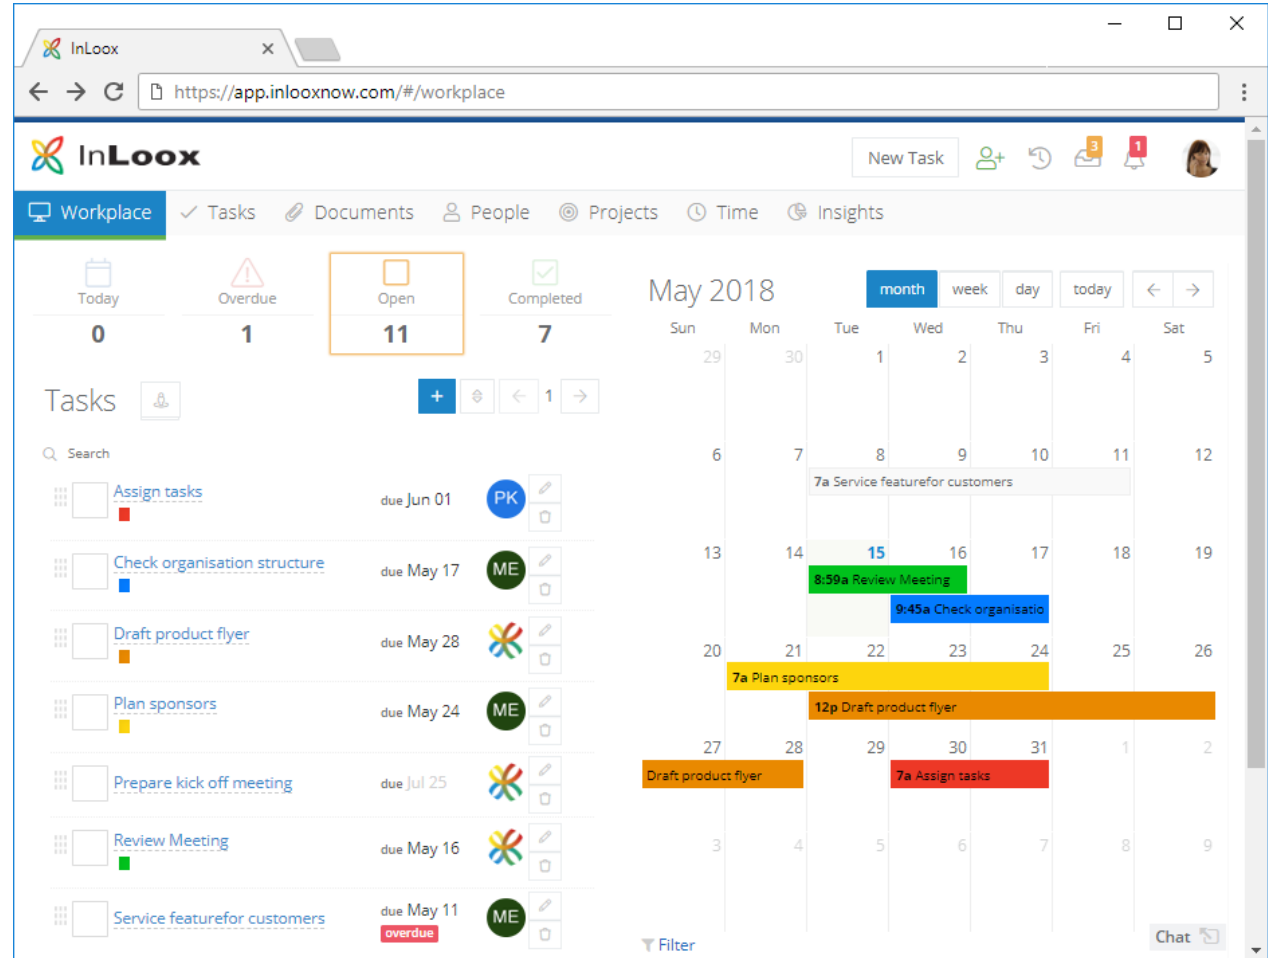

Document management

Your workplace on the web

InLoox Web App is compatible with all common web browsers, so it is **available from any location and on any device**.

Keep an overview of all open, overdue and completed tasks in your personal **Workplace**.

You can an immediate **notification** when there are any changes or updates to a project.

The screenshot displays the InLoox 10 Web App interface in a browser window. The URL is <https://app.inlooxnow.com/#/workplace>. The interface features a navigation bar with options: Workplace (selected), Tasks, Documents, People, Projects, Time, and Insights. A top navigation bar includes a 'New Task' button, user profile, and notification icons. Below the navigation, a summary section shows task counts: Today (0), Overdue (1), Open (11, highlighted with an orange box), and Completed (7). A 'Tasks' section lists several tasks with due dates and assignees:

- Assign tasks (due Jun 01, assignee PK)
- Check organisation structure (due May 17, assignee ME)
- Draft product flyer (due May 28)
- Plan sponsors (due May 24, assignee ME)
- Prepare kick off meeting (due Jul 25)
- Review Meeting (due May 16)
- Service featurefor customers (due May 11, overdue)

To the right, a calendar view for May 2018 shows task bars: '7a Service featurefor customers' (grey), '8:50a Review Meeting' (green), '9:45a Check organisatio' (blue), '7a Plan sponsors' (yellow), '12p Draft product flyer' (orange), 'Draft product flyer' (orange), and '7a Assign tasks' (red). A 'Filter' button is at the bottom left of the calendar, and a 'Chat' button is at the bottom right.

Task management & team communication

Tasks

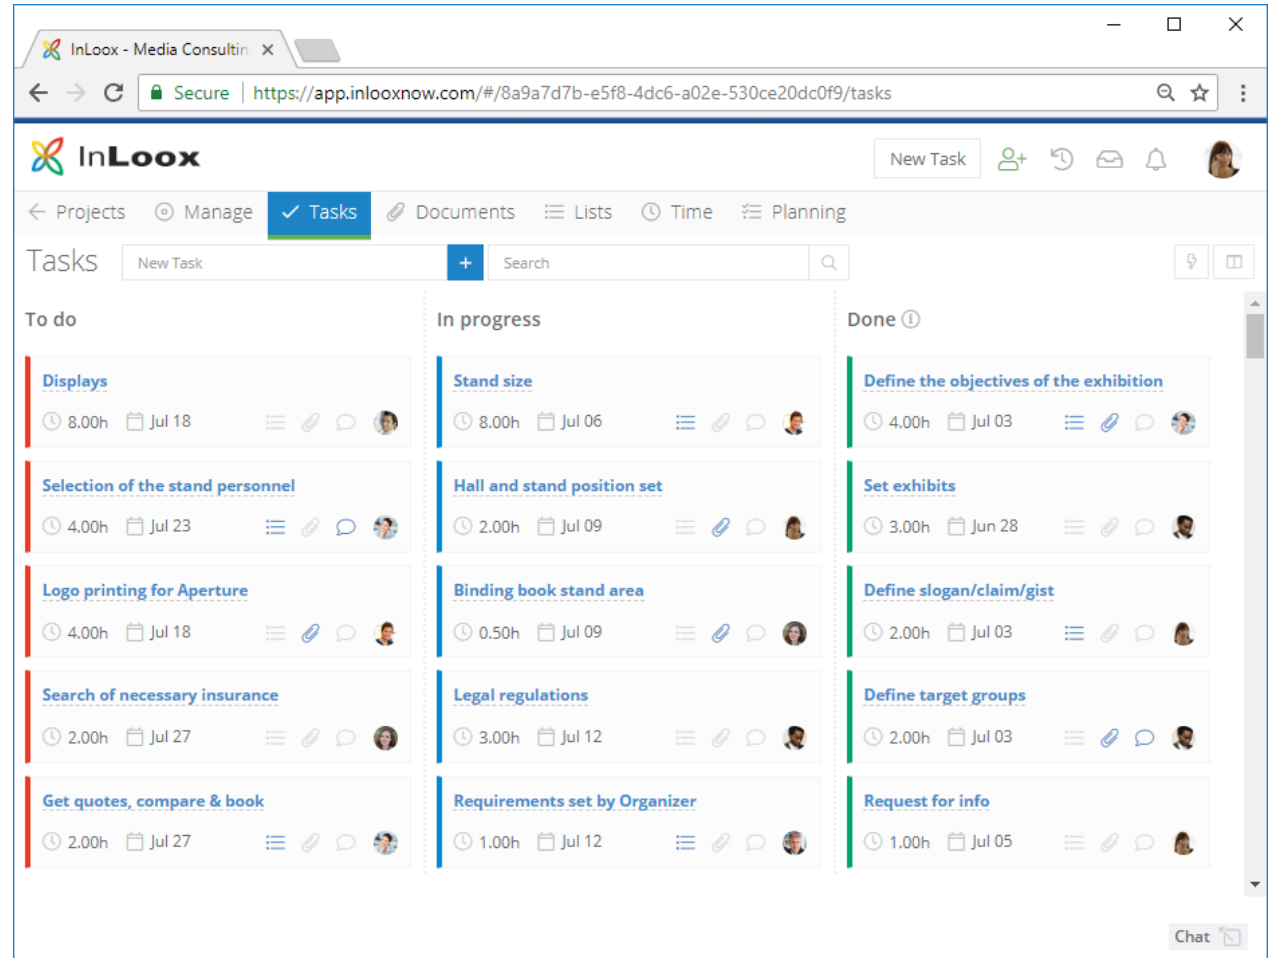

Create, assign and organize tasks in a virtual **Kanban board** – independently from any project schedule.

Leave a **comment** on a task and automatically notify team members of any changes to it with an **@-reference**.

Tasks can be linked to an activity or milestone in the project plan. The **project's progress** will automatically update as soon as a task is marked as completed.

Chat

The integrated chat enables **direct and immediate communication** – without any time delays.

The screenshot displays the InLoox web application interface for task management. The browser address bar shows the URL: <https://app.inlooxnow.com/#/8a9a7d7b-e5f8-4dc6-a02e-530ce20dc0f9/tasks>. The application header includes the InLoox logo, a "New Task" button, and user profile icons. The main navigation bar shows "Projects", "Manage", "Tasks" (selected), "Documents", "Lists", "Time", and "Planning". Below the navigation, there is a "Tasks" section with a "New Task" button and a search bar. The tasks are organized into three columns: "To do", "In progress", and "Done". Each task card displays the task name, duration, due date, and icons for menu, link, comment, and assignee. The "To do" column contains five tasks, "In progress" contains five tasks, and "Done" contains five tasks. A "Chat" button is visible in the bottom right corner of the application interface.

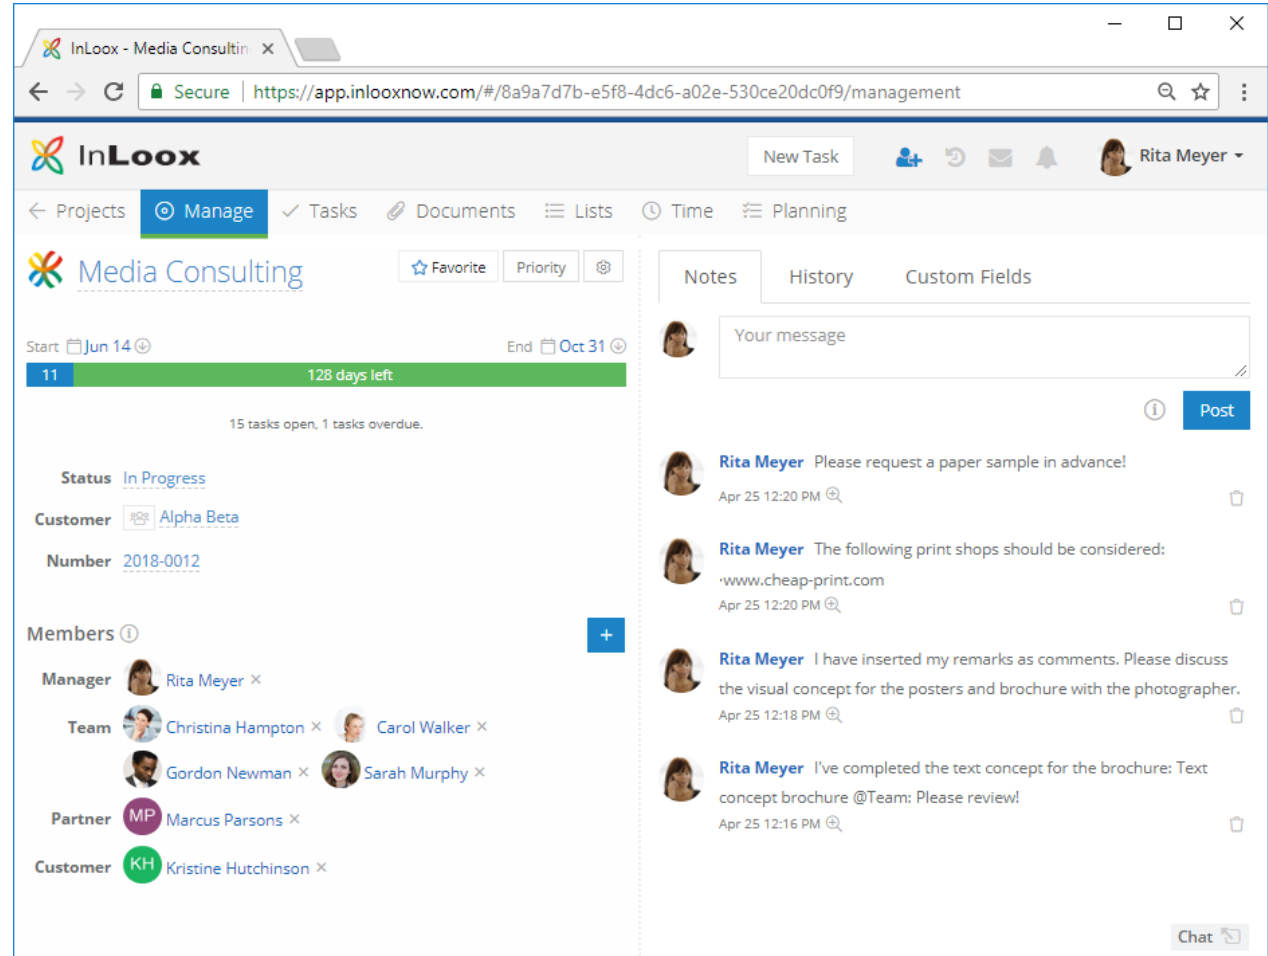

A project in detail

The **project list** gives you an overview over all projects in InLoox, so you always have your project data on hand – even on the road.

Project notes are an effective way for the project team to communicate with each other.

Expand InLoox Web App with **custom fields**.

Team members can file **project proposals** and management can approve or reject them.

The screenshot displays the InLoox web application interface for a project titled "Media Consulting". The browser address bar shows the URL: <https://app.inlooxnow.com/#/8a9a7d7b-e5f8-4dc6-a02e-530ce20dc0f9/management>. The application header includes the InLoox logo, a "New Task" button, and a user profile for Rita Meyer. The main navigation bar shows "Projects" selected, with "Manage" highlighted. Below the navigation, the project name "Media Consulting" is displayed with "Favorite", "Priority", and "Settings" icons. The project start date is "Jun 14" and the end date is "Oct 31", with a progress bar indicating "128 days left" and "11" days remaining. A status bar shows "15 tasks open, 1 tasks overdue". The project status is "In Progress". The customer is "Alpha Beta" and the project number is "2018-0012". The "Members" section lists: Manager Rita Meyer, Team members Christina Hampton, Carol Walker, Gordon Newman, and Sarah Murphy, Partner Marcus Parsons, and Customer Kristine Hutchinson. On the right, a "Notes" panel shows a message input field and a "Post" button. The notes history includes: Rita Meyer (Apr 25 12:20 PM) "Please request a paper sample in advance!"; Rita Meyer (Apr 25 12:20 PM) "The following print shops should be considered: www.cheap-print.com"; Rita Meyer (Apr 25 12:18 PM) "I have inserted my remarks as comments. Please discuss the visual concept for the posters and brochure with the photographer."; and Rita Meyer (Apr 25 12:16 PM) "I've completed the text concept for the brochure: Text concept brochure @Team: Please review!". A "Chat" button is visible at the bottom right of the notes panel.

Activities and milestones

Project scheduling

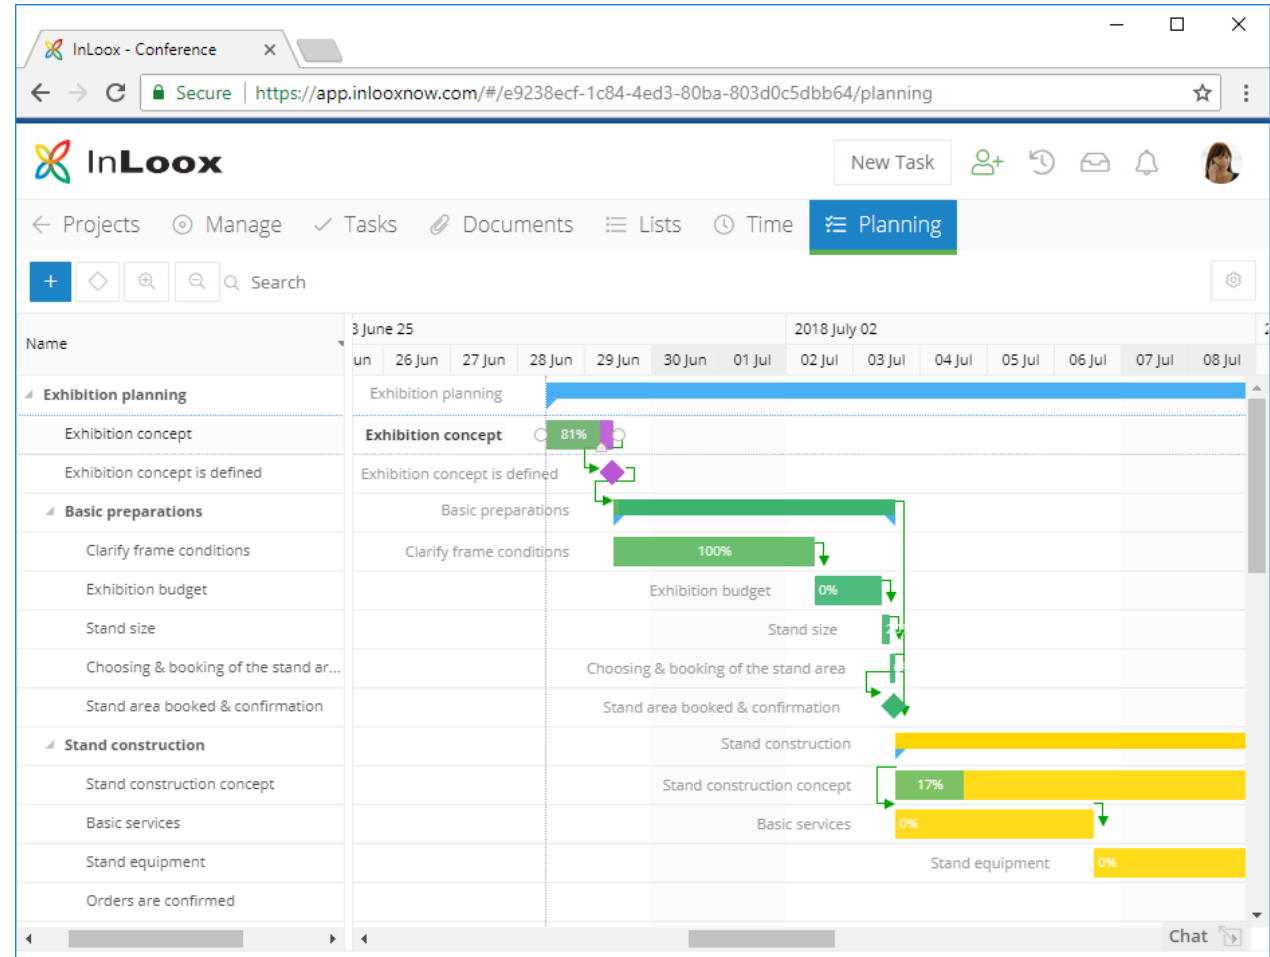

Display simple, as well as complex projects with InLoox Web App.

Critical path

Tasks that are critical for the project's completion are highlighted in red.

Efficient task scheduling

Display constraints and logical dependencies in the project plan.

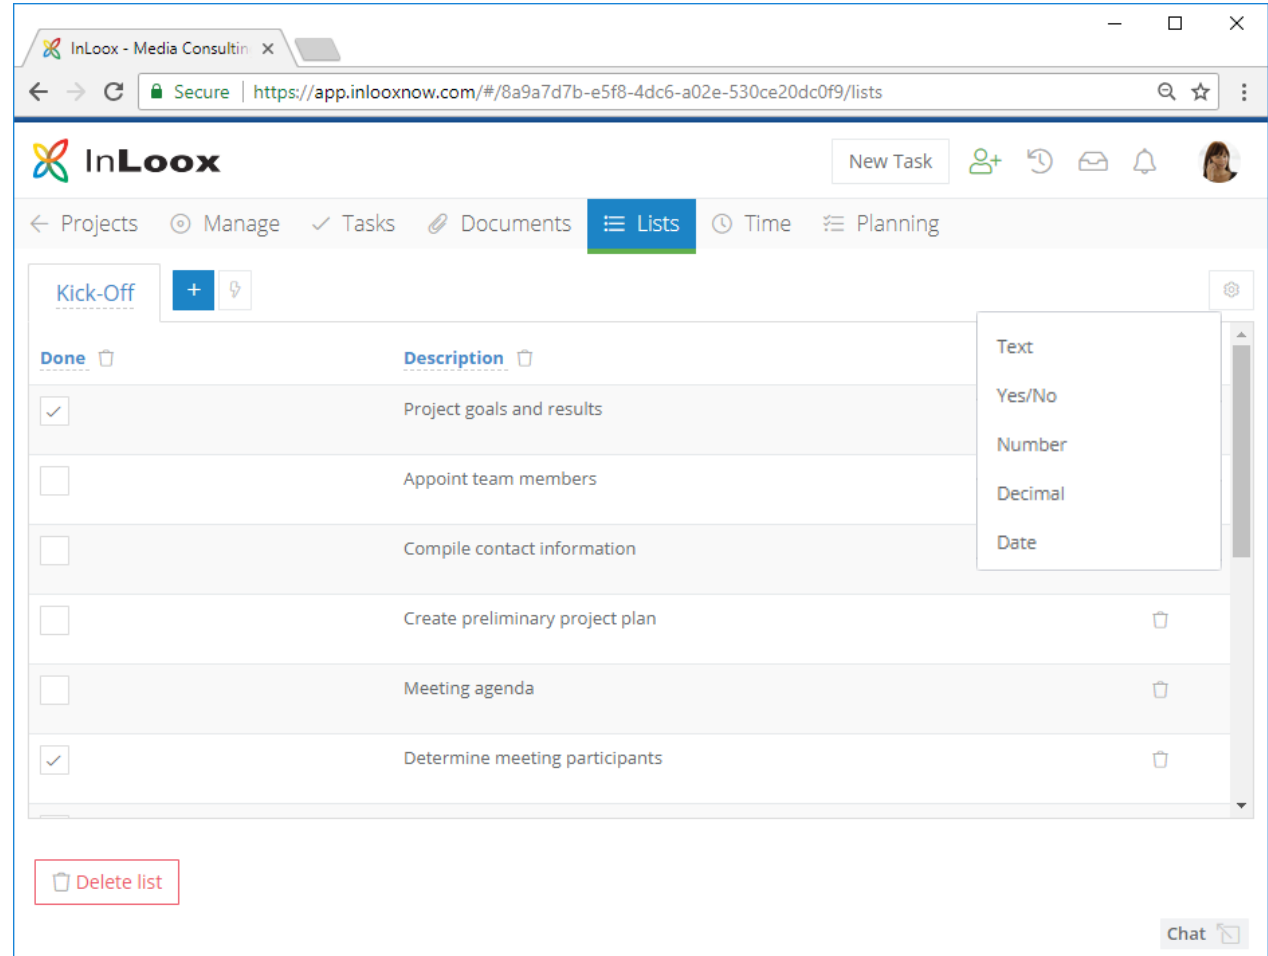

Organize and structure information

Lists

Create a **checklist** for your project.

Customize lists according to your requirements.

You can also **link lists to project elements** such as tasks or documents.

The screenshot displays the InLoox web application interface. The browser address bar shows the URL: <https://app.inlooxnow.com/#/8a9a7d7b-e5f8-4dc6-a02e-530ce20dc0f9/lists>. The application header includes the InLoox logo, a 'New Task' button, and user profile icons. The navigation menu is open, highlighting the 'Lists' tab. The main content area shows a checklist titled 'Kick-Off' with a '+', a trash icon, and a settings icon. The checklist has two columns: 'Done' and 'Description'. The items are:

Done	Description
<input checked="" type="checkbox"/>	Project goals and results
<input type="checkbox"/>	Appoint team members
<input type="checkbox"/>	Compile contact information
<input type="checkbox"/>	Create preliminary project plan
<input type="checkbox"/>	Meeting agenda
<input checked="" type="checkbox"/>	Determine meeting participants

A dropdown menu is open over the 'Description' column, showing options: Text, Yes/No, Number, Decimal, and Date. At the bottom of the checklist, there is a 'Delete list' button and a 'Chat' button.

File and organize documents

Consistent structure

Organize your project document just as you would in your local network.

Favorites

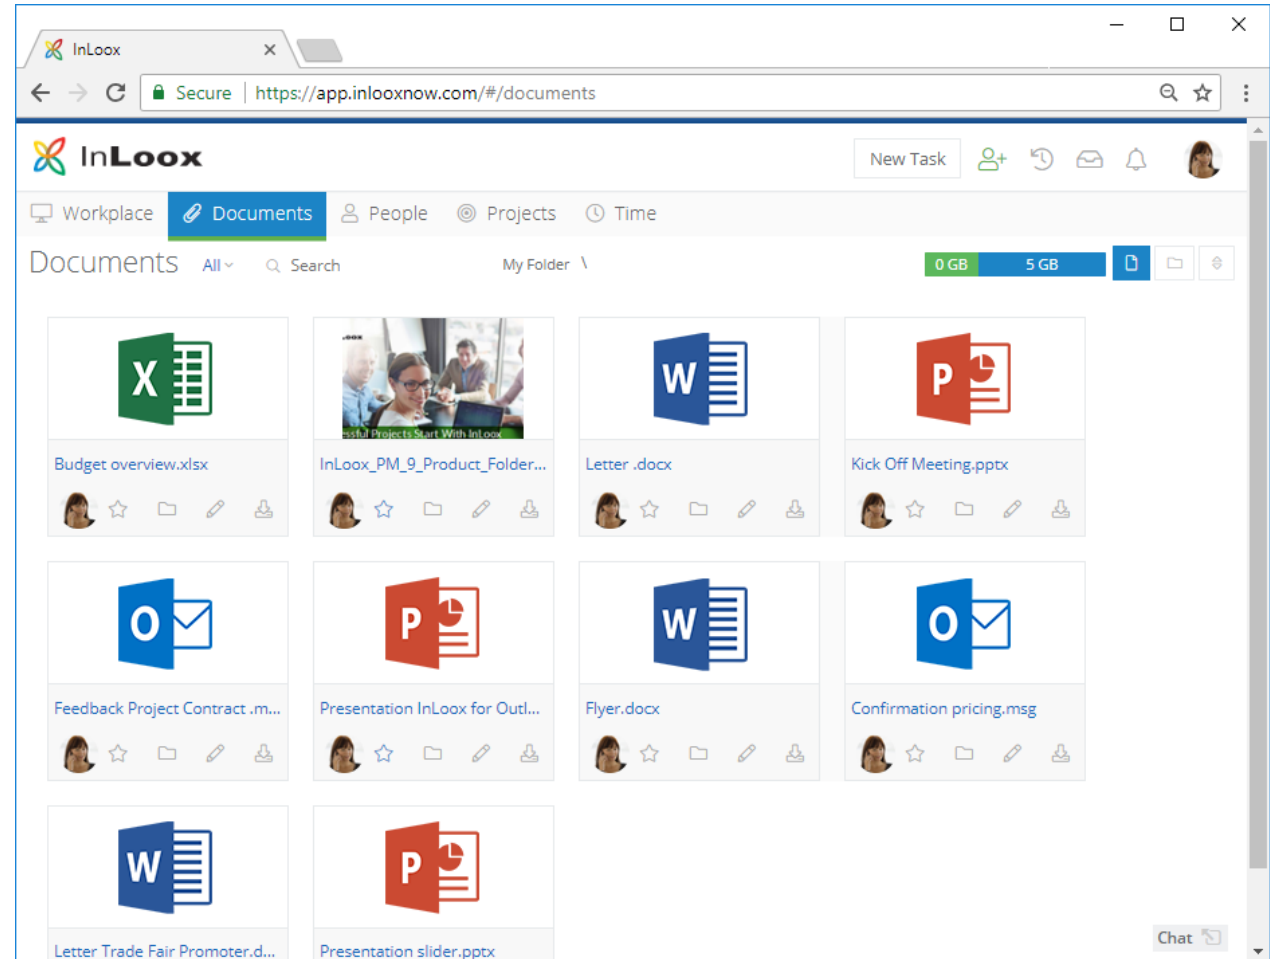

Define favorites for a better overview.

Edit documents

Edit documents directly in your web browser. Supported file formats: .do', .docx, .txt, .rtf, .html, .xls, .xlsx, .xltm, .xlsm

Notifications

Decide who will get notified when someone edits a document. This allows team members to work on the same document instead of creating multiple duplicates.

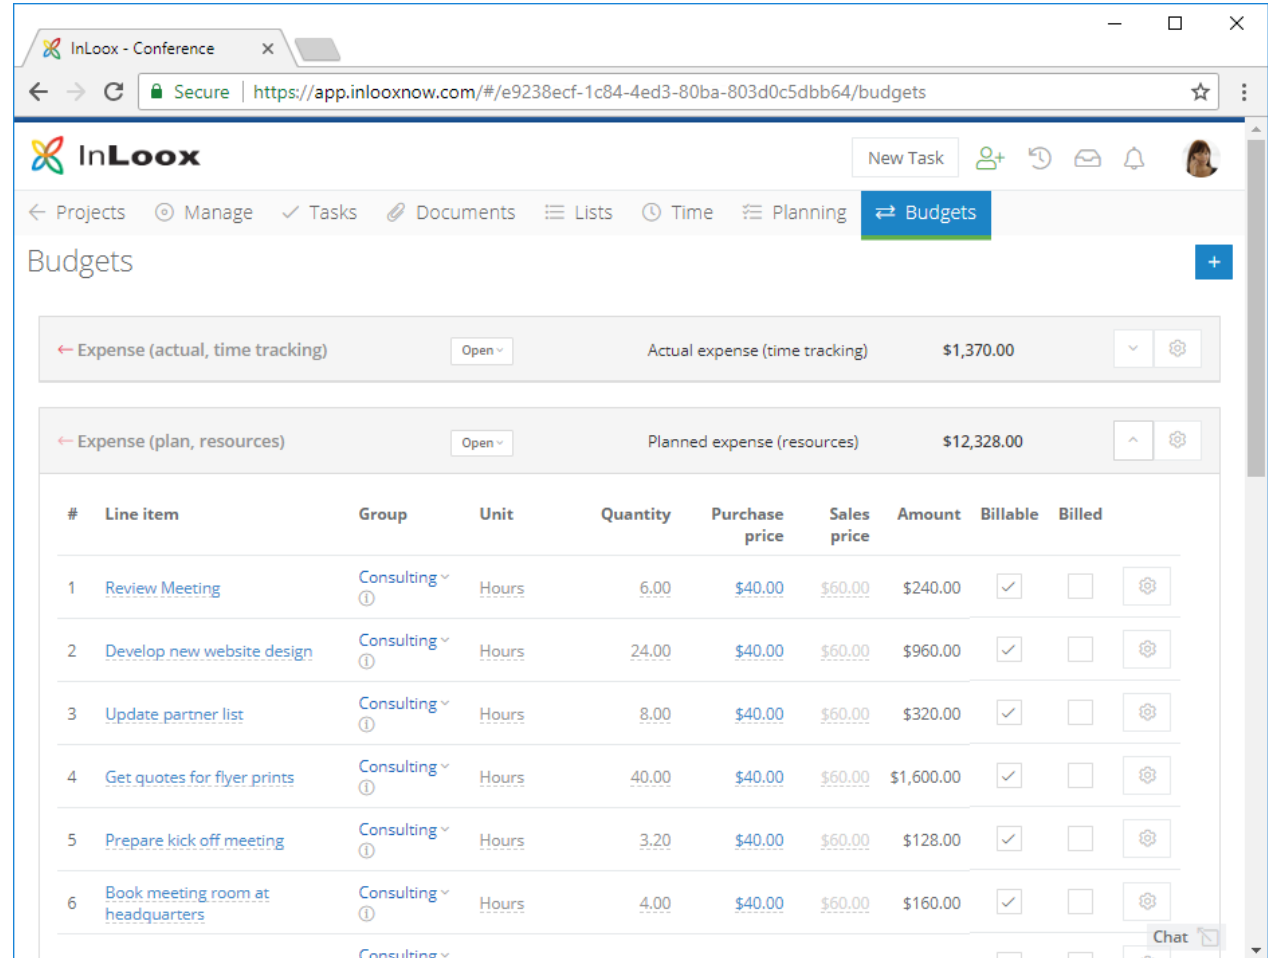

Control your project's budget

Defining a project budget is easy with InLoox Web App: **compare planned and actual expenses and revenues** to keep your project spending under control.

InLoox uses **planning positions, time tracking** entries as well as **third-party costs** to calculate the budget.

You can also bill **continuous project costs**.

InLoox Web App automatically accesses prices, quantities and units from a **company-wide budget positions index**.

#	Line item	Group	Unit	Quantity	Purchase price	Sales price	Amount	Billable	Billed
1	Review Meeting	Consulting	Hours	6.00	\$40.00	\$60.00	\$240.00	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2	Develop new website design	Consulting	Hours	24.00	\$40.00	\$60.00	\$960.00	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3	Update partner list	Consulting	Hours	8.00	\$40.00	\$60.00	\$320.00	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4	Get quotes for flyer prints	Consulting	Hours	40.00	\$40.00	\$60.00	\$1,600.00	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5	Prepare kick off meeting	Consulting	Hours	3.20	\$40.00	\$60.00	\$128.00	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6	Book meeting room at headquarters	Consulting	Hours	4.00	\$40.00	\$60.00	\$160.00	<input checked="" type="checkbox"/>	<input type="checkbox"/>

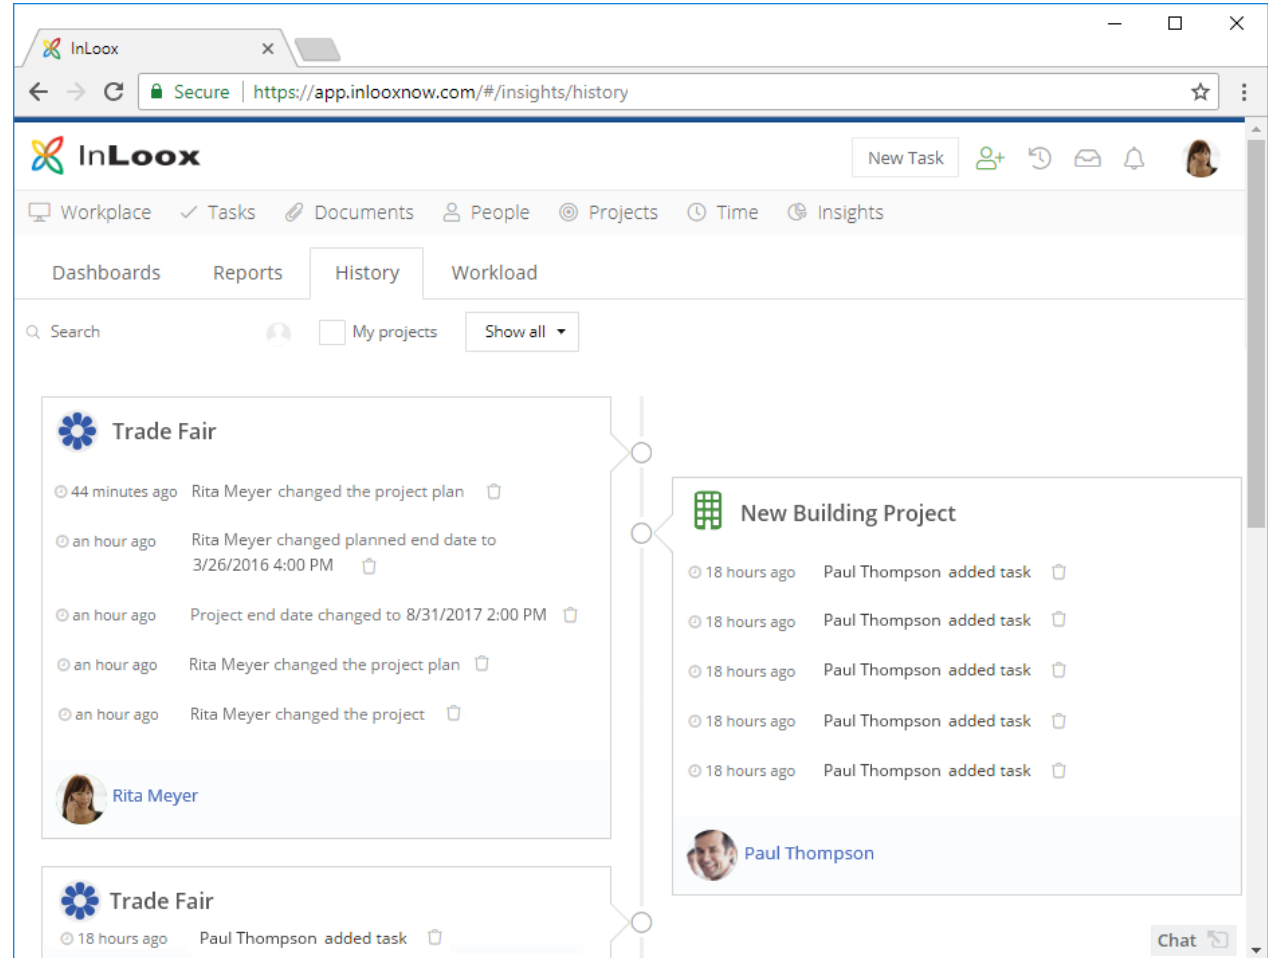

Follow your project's progress

Project history

The **project timeline** displays important changes in all your projects chronologically.

Click on a project or project element to **directly access** it.

Use filters to only see your **own projects** or to only see **changes made on a specific date**.

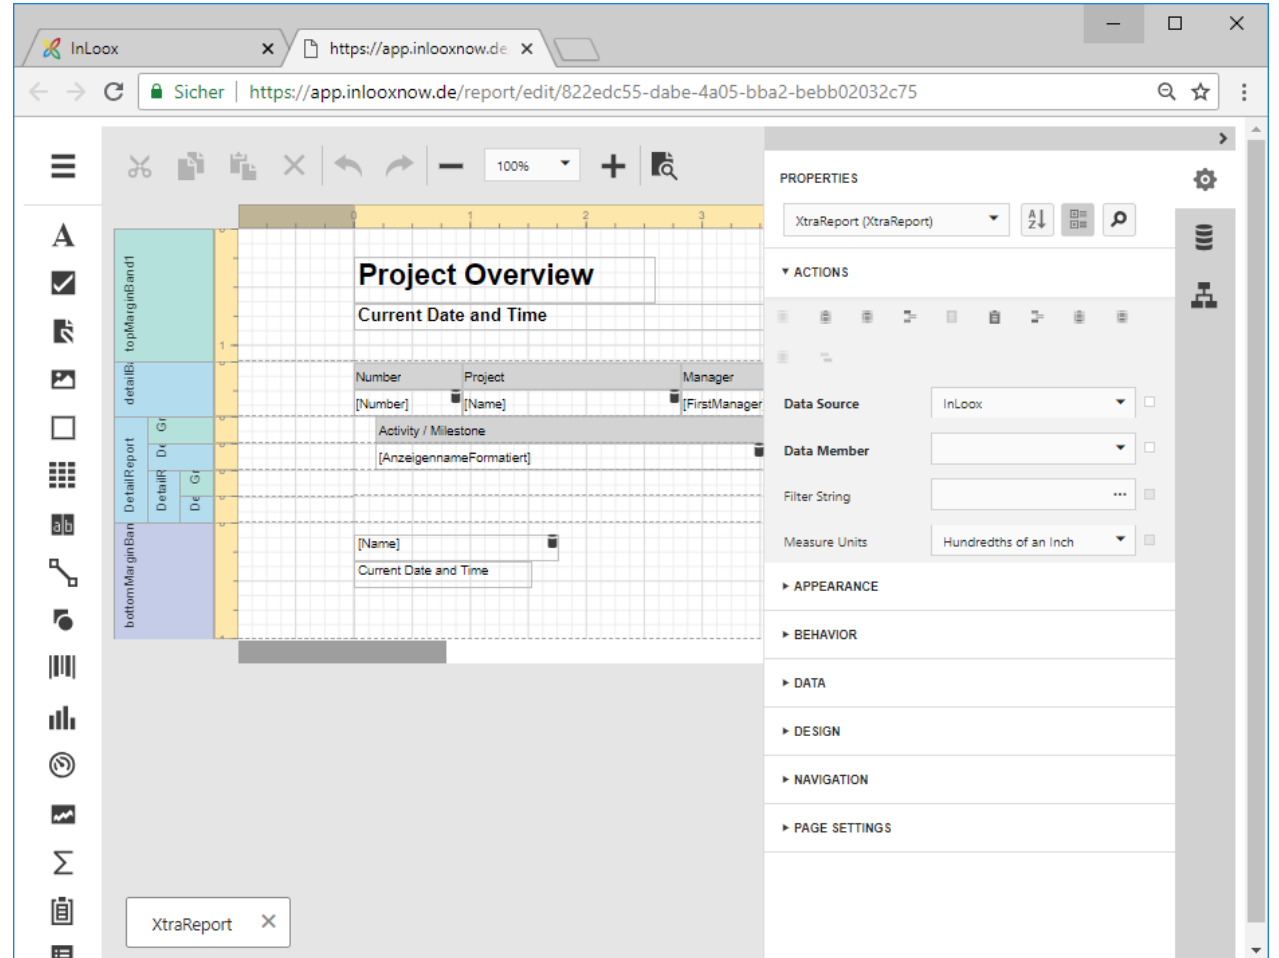

The screenshot shows the InLoox web application interface. The browser address bar displays the URL <https://app.inlooxnow.com/#/insights/history>. The application header includes the InLoox logo, a 'New Task' button, and navigation icons for Workplace, Tasks, Documents, People, Projects, Time, and Insights. Below the header, there are tabs for Dashboards, Reports, History (selected), and Workload. A search bar and a filter dropdown set to 'My projects' are visible. The main content area shows a vertical timeline of project changes. The 'Trade Fair' project has several updates: Rita Meyer changed the project plan (44 minutes ago), Rita Meyer changed the planned end date to 3/26/2016 4:00 PM (an hour ago), Project end date changed to 8/31/2017 2:00 PM (an hour ago), Rita Meyer changed the project plan (an hour ago), and Rita Meyer changed the project (an hour ago). The 'New Building Project' has updates from Paul Thompson: added task (18 hours ago), added task (18 hours ago), added task (18 hours ago), added task (18 hours ago), added task (18 hours ago), and added task (18 hours ago). User avatars for Rita Meyer and Paul Thompson are shown at the bottom of their respective update lists. A 'Chat' button is located at the bottom right of the interface.

Create comprehensive reports

Create a project report with just one click and make it available in various formats.

Supported formats are: Microsoft Word, Excel, PDF and the JPG image format.

Customize report templates with the **InLoox Report Designer**.

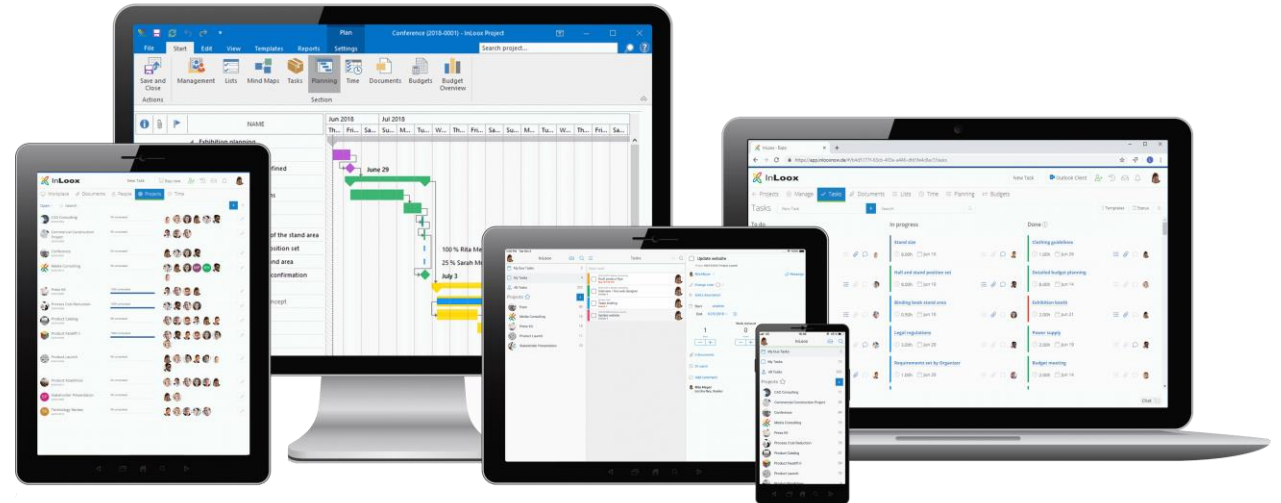

The screenshot displays the InLoox Report Designer web application. The browser address bar shows the URL <https://app.inlooxnow.de/report/edit/822edc55-dabe-4a05-bba2-bebb02032c75>. The main workspace shows a report template titled "Project Overview" with a table structure. The table has columns for "Number", "Project", and "Manager". The first row contains the values "[Number]", "[Name]", and "[FirstManager]". Below the table, there is a section for "Activity / Milestone" with a value of "[AnzeigenameFormatiert]". The interface includes a toolbar with various editing tools, a sidebar with a list of report components (e.g., topMarginBand1, detail, DetailReport, bottomMarginBan), and a right-hand sidebar with "PROPERTIES" and "ACTIONS" sections. The "PROPERTIES" section includes fields for "Data Source" (set to "InLoox"), "Data Member", "Filter String", and "Measure Units" (set to "Hundredths of an Inch"). The "ACTIONS" section contains several icons for report actions. A small "XtraReport" window is visible at the bottom of the interface.

In combination with InLoox 10 for Outlook & Mobile App

Use InLoox Web App in combination with InLoox Web App & Mobile App

Work on one project data base, keeping all your project data up-to-date – whether you access it via InLoox for Outlook, Web App or Mobile App.

InLoox for Outlook enables you to plan your projects and tasks directly in Microsoft Outlook without any media disruption. This seamless workflow makes sure that you can work more productively.
